THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 96-234-C - ORDER NO. 97-22
JANUARY 8, 1997

IN RE: Application of Long Distance Direct)
Holdings, Inc. for a Certificate of) ORDER
Public Convenience and Necessity to) APPROVING
Operate as a Reseller of Interexchange) CERTIFICATE
Telecommunications Services in South)
Carolina.)

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Long Distance Direct Holdings, Inc. ("LDDH" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1995) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed LDDH to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of LDDH's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. LDDH complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. No Petitions to

Intervene or letters of protest were received concerning LDDH's Application.

A hearing was commenced on December 18, 1996, at 10:30 a.m., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. LDDH was not represented by counsel. Florence P. Belser, Staff Counsel, represented the Commission Staff.

Salome James, Assistant Secretary of LDDH, appeared and offered testimony in support of LDDH's Application. Ms. James stated that LDDH is a Nevada corporation which is registered to do business in South Carolina as a foreign corporation. According to Ms. James, LDDH proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina. Ms. James explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures.

Ms. James also explained that LDDH possesses the technical, financial and managerial abilities to provide its services in South Carolina. Ms. James further testified that the Company had made certain changes to its proposed tariff to comply with Commission guidelines and prior Orders.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. LDDH is incorporated under the laws of the State of Nevada and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. LDDH operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. LDDH has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to LDDH to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for LDDH for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. LDDH shall not adjust its rates below the approved

maximum level without notice to the Commission and to the public. LDDH shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1995).

4. LDDH shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. LDDH is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. LDDH shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If LDDH changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, LDDH shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. LDDH shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

10. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. LDDH shall file the names, addresses and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced, and the Company is directed to comply with the Commission regulations unless waived by the Commission.

11. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman
